

Combined Massage

Hydromax/Aerofeel & Hydrofeel/Aerofeel

Roll the benefits of both systems, (Hydromax or Hydrofeel combined with Aerofeel), into a single one at the same time, drawing on both the power of water and the mildness of air to give you all the therapeutic benefits any bath could ever provide. The best of both worlds!

Whirlpool/Aeroeffect

This combination delivers maximum effect with all the above features. **Benefit from both massage worlds by combining Whirlpool and Aeroeffect systems!** Operate them individually or together, relax or invigorate, this is the most flexible and luxurious massage.

Aerosens/Hydrosens

Swirl in new sensations. By combining the Aerosens and the Hydrosens systems, a unique massage effect is obtained that lets you benefit from the best of both worlds! You can operate systems individually or together. See each system description for more details.
